

LINGER

Em Am
Like a dewdrop on a blade of grass, don't wanna move or fall too fast
C D
Can you see yourself inside that glassy pearl
Em Am
Like a finger on a lover's skin, trailing as if there were no end
C D
And the ripple effect reflects back onto you

Channel

Am C Em Am
How I long for you to know... How I long for you to stay
C Em Am D
How I long to take you deeper through the veil into the sacred place

Chorus

C D Em Am
Linger, linger, linger in the thin place
C D Em Am
Linger, linger, linger in between spaces
C D
Here you and I are eternally entwined and
Em Am
You know that you are Mine for all of time so
C D Em Am
Linger, linger, linger

Instrumental D Am C

Em Am
The hope you put in true love's kiss, anticipation don't wanna miss
C D
How it electrifies from your toes to the tips of your hair
Em Am
Oooh a lone wolf howling in the night with the last few embers on the fire
C D
And 4000 year old starlight that still shines

Channel into Chorus

Bridge

D Am C
Wedding bells ringing in the air, the very first time you laid your soul bare
D Am C
The newborn baby's mother won't sleep, she just stares at the miracle
D Am C
The friend of one who's gone 6 feet down, the warmth of the sun on a summer night's ground
D Am C
The moment you realize that you have been found by Love
